

Ignite 2006

Ignite 06, the youth & young adults conference at Blue Mountains City Church was AWESOME!!!

For the first time this year Blue Mountains City Church annual youth conference had to be moved from the Blue Mountains City Church auditorium at Mount Riverview because there were going to be too many delegates. So between May 19 and 21 over 400 Youth and Young Adults gathered at Nepean High School to have the privilege of hearing world class local and national speakers.

With the theme of breakthrough, Youth and Young Adults were inspired to take a stand in their schools, universities and workplaces to see changes that will bring about positive outcomes for them, their peers, families, friends and community.

Saturday afternoon was alive with all kinds of activities with a massive festival including live band Fingerprint Resistant, jumping castle, gladiator games, Skate demonstrations with Sid Tapia as well as the hilarious antics of some of the Blue Mountains City Church Youth leaders and an old car as well as the usual food needed to sustain adolescent life.

After months of preparation and hard work Ignite Conference 2006 went off without a hitch and was possibly one of the most impacting times in the history of Blue Mountains City Church Youth.

Ignite conference concluded on Sunday the 21st in all three of Blue Mountains City Church's congregations at Mount Riverview, Winmalee and Katoomba in the morning and then with huge combined celebrations in the 5pm and 7pm services at Mount Riverview in the evening... all in all a fantastic weekend.
