First Ever Men's SUMMIT held at Blue Mountains City Church

Over the weekend of June 23 -24 Blue Mountains City Church hosted the first ever Men's Summit, here at our Mt Riverview auditorium. 200 men aged 13 and up attended.

Guest speakers included Pastor Paul De Jong from New Zealand, Pastor John Pennicook, and Pastor John Drury from BM City Church.

The theme was Strength and the program included music, drama, items and as well incredible teaching that really impacted men from all across the Blue Mountains.

The Saturday program also included a BBQ with many activities for the guys - a mechanical bull, bench press competition, remote control cars and much more.

"Men in the mountains today need to be connected to other men. Something fantastic happens as men get together. So many guys had courage put in their hearts to be all they need to be in their world." Pastor Drury said.

The summit will be held again next year on 22-23 June 07. Watch out for details.
